

Instructions: Crab Origami

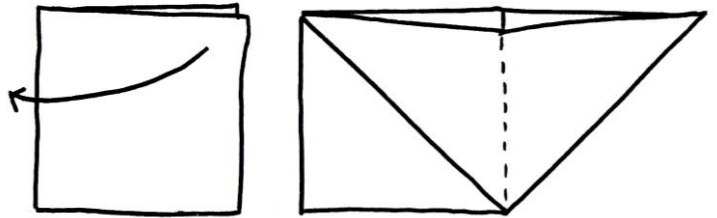

1. Start with a square of paper. Fold in half so that you have a rectangle.

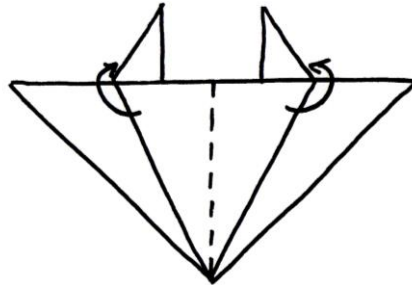

2. Fold in half again to make a square.

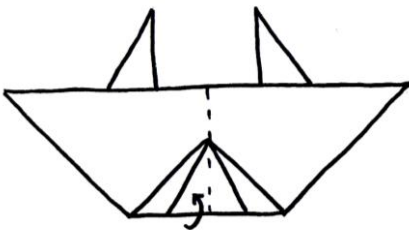

3. Open out the square on one side and flatten down to make a triangle. Repeat on the other side.

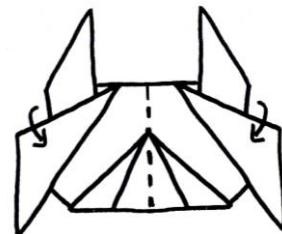

5. Fold the folded edge of one side of the triangle under. This should make a point that sticks out above the long straight edge, and so create a claw. Repeat to create another claw.

6. Turn over and fold up the bottom corner of the triangle.

7. Fold down the outer corner of the triangle on each side to make the legs.

8. *Decorate your crab!*
